Legislative News — Week #8

The week started with the Senate passing one anti-marijuana resolution and defeating a second. More specifically, the Senate voted 29-5 in favor of [SCR 112](#), the resolution which stated that the policy of the Idaho Legislature should be to never legalize marijuana for any purpose. The second measure, [SJM 101](#) was defeated on a vote of 13-21. This resolution called on the Federal Government to step up enforcement of federal drug laws in states that have moved to decriminalize marijuana. The perceived discrepancy was explained by stating that the first vote showed opposition to the legalization of marijuana while the second vote “centered on state’s rights, not marijuana.” [Click here to read the rest of the Legislative News](#)
